Download Its in PDF format if you don't have Adobe Reader then please ...

## **Solution Manual of Digital Signal Processing by Proakis**

I've been reading this book to refresh my memory on digital signal processing. It is a good book, lots of theory in there, however it is a bit dry in its explanations, there are a lot of results (for example the value of a certain number series) that just are presented out of the blue while the reader scratches his head trying to come up with the missing steps.
