A government is the system or group of people governing an organized community, often a state.. In the case of its broad associative definition, government normally consists of legislature, executive, and judiciary. Government is a means by which organizational policies are enforced, as well as a mechanism for determining policy. Each government has a kind of constitution, a statement of its ...

An encyclopedia or encyclopÆdia is a reference work or compendium providing summaries of knowledge from either all branches or from a particular field or discipline. Encyclopedias are divided into articles or entries that are often arranged alphabetically by article name and sometimes by thematic categories. Encyclopedia entries are longer and more detailed than those in most dictionaries.

With the French Revolution began the institutionalization of secularized individualism in both social life and politics; individualism and rationality found expression in parliamentary government and written constitutionalism. Obviously, the English and American revolutions of 1688 and 1776 prefigure these changes, but it was the more universalist FrenchÆ
