DistriKempen, a group of five farmers from the Kempen region (Belgium) were searching for ways to deal with the transport of their fresh products to customers in the region. In 2013 they found the perfect people: Dorien Goris, and her brother Geert.

### **Inspirational Idea: Smart logistics to connect farmers and**

Recently, this consumers-as-innovators pattern has led to the framing of a new innovation paradigm, in which consumers play a central and very active role.<sup>2</sup> Rather than seeing consumers simply as "the market," as the traditional innovation model has long taught, this new paradigm centers on consumers and other product users. It explains why consumers are very important innovators who often develop products on their own.
