Physical attractiveness is the degree to which a person's physical features are considered aesthetically pleasing or beautiful. The term often implies sexual attractiveness or desirability, but can also be distinct from either. There are many factors which influence one person's attraction to another, with physical aspects being one of them.

1. Introduction. Poison oak (*Toxicodendron diversilobum*) and its eastern counterpart poison ivy (*T. radicans*)

are two of the most notoriously painful plants in North America.[Note: These species were formerly placed in the genus Rhus.]Although hundreds of scholarly articles have been written, there are probably more myths about these plants than any other native species.
