Religion-State Relations September 2014 What? â€¢ Constitutions typically regulate the relationship between religious and state authorities. They may establish a connection between the state and a particular religion or religions, recognizing a religion or giving its laws or institutions a privileged place in the legal-political system.

Furthermore, contrary to the claims of the critics, state neutrality on religion is not the equivalent of the state imposing atheism. An atheist state would be biased against religion because such a state would actively support atheism and actively discourage and even attempt to eradicate religion. However, a neutral state would not do this.

SAUDI ARABIA The laws and policies restrict religious freedom, and in practice, the government generally enforced these restrictions. Freedom of religion is neither recognized nor protected under the law and is severely restricted in practice. The country is an Islamic state governed by a monarchy; the king is head of both state and government.
