Roots rock is rock music that looks back to rock's origins in folk, blues and country music. It is particularly associated with the creation of hybrid subgenres from the later 1960s including country rock and Southern rock, which have been seen as responses to the perceived excesses of dominant psychedelic and developing progressive rock. Because roots music is often used to mean folk and ...

Evolutionary game theory (EGT) is the application of game theory to evolving populations in biology. It defines a framework of contests, strategies, and analytics into which Darwinian competition can be modelled. It originated in 1973 with John Maynard Smith and George R. Price's formalisation of contests, analysed as strategies, and the mathematical criteria that can be used to predict the ...
