Learn with SAE. SAE International is the global leader in technical learning for the mobility industry. Whether you are an engineer or business professional looking to advance your career, or an educator in search of creative and effective ways to engage students in STEM programs, we have you covered.

### **SAE International**

Internal combustion engine cooling uses either air or liquid to remove the waste heat from an internal combustion engine. For small or special purpose engines, cooling using air from the atmosphere makes for a lightweight and relatively simple system.

### **Internal combustion engine cooling - Wikipedia**

The Society of Automotive Engineers (SAE) has established a numerical code system for grading motor oils according to their viscosity characteristics. The original viscosity grades were all mono-grades, e.g. a typical engine oil was a SAE 30. This is because as all oils thin when heated, so to get the right film thickness at operating temperatures oil manufacturers needed to start with a thick ...
