An omen (also called portent or presage) is a phenomenon that is believed to foretell the future, often signifying the advent of change. People in ancient times believed that omens bring a divine message from their gods. These omens include natural phenomena, for example an eclipse, abnormal births of animals and humans and behavior of the sacrificial lamb on its way to the slaughter.

Death is the cessation of all biological functions that sustain a living organism. Phenomena which commonly bring about death include aging, predation, malnutrition, disease, suicide, homicide, starvation, dehydration, and accidents or major trauma resulting in terminal injury. In most cases, bodies of living organisms begin to decompose shortly after death.
