Sexting is sending, receiving, or forwarding sexually explicit messages, photographs, or images, primarily between mobile phones, of oneself to others. It may also include the use of a computer or any digital device. The term was first popularized early in the 21st century and is a portmanteau of sex and texting, where the latter is meant in the wide sense of sending a text possibly with images.

The inclusion of sex and nudity in video games has been a controversial topic since the early days of the industry. While many video games have used scantily clad images or characters to sell or enhance games, some go further, using sex acts or nudity as a character motivation, in-game reward, or simply as a gameplay element. These games originate worldwide, on most platforms and can be of any ...
