Purple is a color intermediate between blue and red. It is similar to violet, but unlike violet, which is a spectral color with its own wavelength on the visible spectrum of light, purple is a composite color made by combining red and blue. According to surveys in Europe and North America, purple is the color most often associated with rareness, royalty, magic, mystery, and piety.

Red is the color at the end of the visible spectrum of light, next to orange and opposite violet. It has a dominant wavelength of approximately 625–740 nanometres. It is a primary color in the RGB color model and the CMYK color model, and is the complementary color of cyan. Reds range from the brilliant yellow-tinged scarlet and vermillion to bluish-red crimson, and vary in shade from the pale ...

Reader Suggestions (and books I found online that suggested a "Fifty Shades" feel in the reviews). PLEASE NOTE: I have not read most of these yet, so I can't confirm for sure how "Fifty" they actually are, in my own opinion, but considering how so many of us have similar "book tastes" I am very excited to give these a try!. However I'd love to hear if you've already read ...
