Active Phased Array Antenna Development for Modern

The US Navyâ€™s Consolidated Afloat Networks and Enterprise Services (CANES) program is designed to streamline and update shipboard networks to improve interoperability across the fleet.

US Navy CANES Integrate Shipboard Networks Program

A ship is a large watercraft that travels the world's oceans and other sufficiently deep waterways, carrying passengers or goods, or in support of specialized missions, such as defense, research and fishing. Historically, a "ship" was a sailing vessel with at least three square-rigged masts and a full bowsprit. Ships are generally distinguished from boats, based on size, shape, load capacity ...

A typical system consists of a flywheel supported by rolling-element bearing connected to a motorâ€™generator. The flywheel and sometimes motorâ€™generator may be enclosed in a vacuum chamber to reduce friction and reduce energy loss.. First-generation flywheel energy-storage systems use a large steel flywheel rotating on mechanical bearings. Newer systems use carbon-fiber composite rotors that ...

Duo-Chek Valves 5 Installs between mating flanges with 10 to 20% the weight of flanged swing checks in popular sizes - Saves money in initial valve cost and provides lower installation cost. Plate heel is lifted first by design to prevent seat wear.

Fig. 1 shows the thermal efficiencies of various power conversion systems and heat sources with respect to the turbine inlet temperature range. The representative heat sources in Fig. 1 are geothermal energy, solar thermal energy, nuclear energy, coal, waste heat recovery, and liquefied natural gas (LNG). The power conversion systems in Fig. 1 are organic Rankine cycle (ORC), steam Rankine ...

Over its long production history a wide range of radar types and subtypes have been fitted to variants of the Sukhoi Flanker fighter. Whilst some observers like to generalise the term 'Flanker radar' it is not unlike saying 'Pentium PC' - the range of power aperture product performance seen across these radars is greater than in any other tier one combat aircraft.
