

### **social networks terrorism and pdf**

Due to the convenience, affordability, and broad reach of social media platforms such as YouTube, Facebook and Twitter, terrorist groups have increasingly used social media to further their goals and spread their message. Attempts have been made by various governments and agencies to thwart the use of social media by terrorist organizations.

### **Terrorism and social media - Wikipedia**

A social network is a social structure made up of a set of social actors (such as individuals or organizations), sets of dyadic ties, and other social interactions between actors. The social network perspective provides a set of methods for analyzing the structure of whole social entities as well as a variety of theories explaining the patterns observed in these structures.
