

term rewriting and all pdf

Motivation. Mathematical notations as shown in the table do not fit into the scheme of a first-order term as defined above, as they all introduce an own local, or bound, variable that may not appear outside the notation's scope, e.g. $\lambda x. \dots \lambda x. j$ ($\lambda x. \dots$) doesn't make sense. In contrast, the other variables, referred to as free, behave like ordinary first-order term variables, e.g. ...

Influenza viruses are constantly changing. They can change in two different ways. But these small genetic changes can accumulate over time and result in viruses that are antigenically different (further away on the phylogenetic tree). When this happens, the body's immune system may not recognize ...
