i Praise for the first edition of Making Sense of Change Management – I commend it highly. It has a good coverage of relevant theoretical work while at the same time giving plenty of practical examples.

### **– There has long been a need for a readable, practical but**

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
